

MAXPAT

4-PAGE SAMPLE PREVIEW

See the format before you buy - not the full research

This short preview shows how a personalized Maxpat Move-Abroad Plan is organized and presented. Detailed country research, cost figures, safety data, official links and the complete action plan are reserved for the paid report.

SAMPLE PROFILE	HOUSEHOLD	PLANNING INCOME	MOVE TIMING
Retired household	**2 adults**	**U.S. dollars**	**12-24 months**

Preview only: the names, profile and example countries shown here are illustrative. A buyer's report is generated from that customer's own Maxpat answers.

WHAT THE PAID REPORT CONTAINS

A planning package, not just a country list

The full report is designed to answer the practical questions that usually determine whether an international move is realistic.

01 FULL REPORT

Country matches

Why selected destinations fit the customer's stated situation and priorities.

$ FULL REPORT

Living costs

Rent, utilities and city-comparison resources presented for an American reader.

V FULL REPORT

Residency

Relevant visa and residence routes to investigate using official sources.

+ FULL REPORT

Healthcare

Insurance, public-system access and Medicare-abroad considerations.

T FULL REPORT

Taxes & SSA

U.S. worldwide-income reminders, treaty context and Social Security links.

S FULL REPORT

Safety

Official travel advisories plus clearly labeled public crime/safety indexes.

A FULL REPORT

Language fit

English-proficiency context and where the local language matters more.

90 FULL REPORT

Move checklist

A practical 90 / 60 / 30-day sequence for preparing the move.

↗ FULL REPORT

Sources

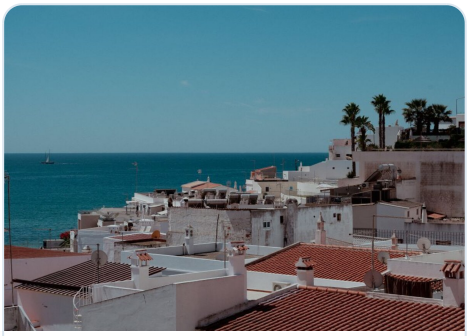

Direct government and research links for facts the customer should verify.

What is intentionally missing from this preview: detailed cost amounts, tax-treaty tables, country safety scores, English-proficiency scores, residence instructions, city-by-city comparisons and the complete personalized action sequence.

SAMPLE PRESENTATION

How country matches are shown

A paid report compares the strongest matches side by side so the reader can see tradeoffs quickly. This page demonstrates the layout without giving away the underlying paid research.

Portugal

Example: strong overall fit. Full report explains the actual residency, cost, healthcare, tax, safety and language considerations.

Spain

Example: close alternative. The paid report identifies what changes the answer from one city and household to another.

Poland

Example: lower-cost comparison. Detailed figures, public indexes and local-language context remain inside the paid report.

What a buyer sees next

Locked: country-specific monthly rent and utilities in U.S. dollars

Locked: official residency links and applicable requirements to investigate

Locked: Social Security, U.S. tax and treaty resources

Locked: safety index and official advisory comparison

Locked: English-proficiency and local-language context

Locked: city comparison links and complete move checklist

FULL PERSONALIZED PLAN

The paid value is in the details and the next actions

The complete Maxpat plan goes beyond this preview by connecting the customer's profile with current research, practical comparisons and direct verification resources.

Decision-ready comparisons

Country and city differences, costs in U.S. dollars, residency pathways, healthcare, taxes, Social Security, safety and language fit.

Sources you can check

The report links the reader to official government sources for decision-critical rules and identifies public indexes as comparison context.

Personalized preparation

The full plan ends with practical next actions and a 90 / 60 / 30-day move-preparation checklist.

Your report, your license

Paid reports are created for the purchaser's personal planning use and include purchaser-specific license identification.
